
BIOGRAPHY

Name & affiliation

Berry van Kats – Dietheek Woerden

Biography

Work experience:

35 years as a dietician - primary health care:

- 25 years in a health center where the multidisciplinary approach is central.
- 10 years both in a health center and as a transmural outpatient care center.

Over the past 15 years I have been working on projects which will help to take dietetics to a higher level, including a CVRM project from HAN.
