BIOGRAPHY

---

**Name & affiliation**

Anneleen Kuijsten (PhD) is a researcher at the Division of Human Nutrition and Health, Wageningen University

**Biography**

Dr Kuijstens' current research focuses on the integration of healthy and sustainable nutrition. She is involved in several ongoing EU projects (SUSFANS & SHARP-BASIC), and contributes to the modelling of consumer diets. In these modelled diets, dietary patterns are linked to nutrient intakes, environmental sustainability, and consumer preferences.
