BIOGRAPHY

Name & Institute

Dr. Marcus Böhme, University College Cork

Please write a short biography

Dr. Marcus Böhme is as a Senior Postdoctoral Researcher in the lab of Prof. John Cryan at the University College Cork, Ireland. He completed his undergraduate training in Nutritional Science at the Friedrich-Schiller-University of Jena, Germany, where he also received his PhD (in Neuroscience). He is the lead researcher on the Cork-led European-wide project AMBROSIAC, investigating the relationships between diet, stress and cognition across lifespan with a focus on the gut microbiota as a key mediator.
