**BIOGRAPHY**

---

**Name**

Cees Smit, EPF

**Short biography**

**Cees Smit** (1951) studied business economics. He is a long-term **patient advocate**. He lives with severe haemophilia A and is a complex patient by now because of comorbidities. In 2003, he received an honorary doctorate from the college of deans of the University of Amsterdam in recognition for his work on patient participation, haemophilia and medical biotechnology.

He wrote several books on ageing with chronic diseases, like haemophilia and hiv, food and nutrition and all kind of other patient-related articles and books.
